Extreme North Russian Army Breaks Through and Pursues Enemy Toward Onega.

Military Observers Declare Petrograd's Fall is Certain

(By Associated Press.)

London, October 16.—Forced back by the onslaughts of enemies on four fronts, the armies of the Soviet Government of Russia appear to be facing a period pregnant with disaster.

General Denikine's Cossacks from the south, Polish forces from the west, northwestern Russian soldiers on the northwest, and northern Russian troops from the north have, during the last few days, forced ahead until it seems the Bolshevik armies must suffer a defeat crushing for all time.

Petrograd is doomed to capture in the opinion of military experts, General Yudenitch being only 25 miles south of the former Russian capital.

In the extreme north, the northern Russian army has broken the resistance of the Bolsheviks, according to reports, and are pursuing the enemy toward Onega.

London, Oct. 16.—A general retreat by the Bolsheviks before the armies of Admiral Kolchak in western Siberia is announced in a wireless message from the Kolchak government at Omsk.

FIFTEEN LABOR TO ADOPT PLAN FOR AGREEMENT

Fate of Industrial Conference Hangs in The Balance.

Washington, October 16.—The fate of the industrial conference hangs on the outcome of the efforts of the committee of fifteen to reach an agreement on "collective bargaining," representatives of the three groups—public, labor and capital—declared today.

Several conferees said that unless both capital and labor showed a spirit of compromise, the conference might as well announce frankly that agreement could not be reached and adjourn.

The committee of fifteen was in session this forenoon in the hope of completing a report for presentation to the conference this afternoon at 2:30.

BUCHYRUS—At the Godfrey Yaussy farm sale 100 head of pure bred Holstein cattle sold for a total of \$26,780.

BIG LEADERS OF CAPITAL AND CAPITAL SNAPPED TOGETHER

Group shows, left to right: Franklin K. Lane, secretary of interior and chairman of round table; Judge E. H. Gary, executive head of U. S. Steel Corporation; President Samuel Gompers and Secretary Frank Morrison of American Federation of Labor, and John D. Rockefeller, Jr. Below: Rockefeller and Morrison having informal chat.

The pictures above are two of the most remarkable ones of the present-day happenings. They show the great men guiding capital and labor, meeting on common ground and conferring man to man in an effort to bring order out of the present industrial chaos. Gary, as head of the U. S. Steel Corporation—at which the nation-

wide steel strike is aimed—and John D. Rockefeller, Jr., are the two largest employers of men in the country. Gompers and Morrison represent the greatest body of organized workers in the country.

The American Federation of Labor, Franklin K. Lane, secretary of the interior, chairman of the industrial round table, now in session in Washington, represents the government.

"FLYING PARSON" FORCED TO EARTH BY BROKEN SHAFT

Lieutenant Maynard, Leader In Aerial Derby, Lands in Cornfield in Nebraska.

He Will be Permitted to Use Another Plane — Many Delayed by Stormy Weather

(By Associated Press.)

Omaha, October 16.—Lieutenant B. W. Maynard, flying from St. Paul, Neb., broke a crankshaft and was forced to make a landing in a corn field four miles north of Wahoo, Neb., 40 miles west of here at noon today. The landing was made without difficulty and without injury to the pilot or his observer.

It will be impossible for him to repair his damaged motor and he requested the control officer here to transfer to his plane the motor from the plane of Captain Roy Francis, which was wrecked near here Tuesday.

ONE DAY AHEAD

(By Associated Press.)

Chicago, October 16.—Captain Maynard at the time of his accident was

almost one day's flight ahead of his nearest competitor. Lieutenant Pearson was closest to Maynard, but he remained at Reno, Nevada today because of weather conditions.

Flying from the east on the second lap, Major Spatz was his chief rival but he was held today in Rochester, N. Y. because of rain.

Lieutenant Kiel remained at Mineola. Unsettled weather conditions halted most of the flying in the east.

GETS PERMISSION

Washington, October 16.—Regardless of the rules of the contest, Lieutenant Maynard will be permitted to continue his return flight across the continent if another plane can be found for him in time, it was announced.

7 DEATHS IN GREAT AIR RACE

Thirty-Nine Pilots Left and Two Dozen Have Not Yet Completed First Leg of Trip.

Six East Bound Land at Mineola and Nine West Bound At San Francisco.

(By Associated Press.)

Chicago, October 16.—The death toll in the transcontinental air race today stood at seven, leaving 39 pilots in the contest.

Lieutenant French Kirby and Lieutenant S. C. Miller, the latter of Toledo, Ohio, were killed yesterday when their plane fell in Utah.

Of those left in the race, six east-bound aviators have landed at Mineola and nine westbound at San Francisco.

Twenty-four others today were still on the first leg of the flight.

Captain L. H. Smith, leader of those westbound on the return flight, was definitely put out of the race last night when his machine was accidentally destroyed by fire at Buffalo, N. Y.

The Army Air Service at Washington today announced he could not continue in a new plane and would return west by rail.

MAY AGREE ON MOOT QUESTION ON ORGANIZING

(By Associated Press.)

Washington, October 16.—An agreement on the declaration as to the right of wage earners to organize and bargain with employers appeared probable when the committee of fifteen of the industrial conference adjourned today.

A declaration of "the right of wage earners to bargain collectively" and to be represented by representatives of their own choosing was presented to the National Industrial Committee today by Thomas Chabourne, chairman of the committee of fifteen. It was expected to cause a strenuous fight in conference.

Labor Leader in Chicago Declares Radicals Not in Charge Of Steel Strike.

Industrial Situation Improving Through Chicago District

(By Associated Press.)

Chicago, October 16.—John Fitzpatrick, president of the Chicago Federation of Labor, said today he would demand of the War Department the publication of the name of every radical member of the federation suspected of fomenting disorder in connection with the steel strike.

"I have been told General Wood has said there is not a bit of evidence to connect any of the men arrested at Gary with any plot of radicals," said Fitzpatrick. "The reports that radicals are running the strike are untrue."

The industrial situation in this district was reported much better than at any time since the strike started. Mills are running fifty per cent of normal.

Germany to Feel Effect Immediately When Treaty is Put In Force.

(By Associated Press.)

Washington, October 16.—Officials in Washington professed today to have no information as to the reasons for postponing the exchange at Paris of ratification of the peace treaty by Great Britain, France, Italy and Germany which would bring the treaty into immediate force.

There was a suggestion that ratification had been postponed because the league of nations would have to assemble within fifteen days, but State Department officials would not express an opinion on this point.

While professing to have no official information, officials said they assumed that if the treaty were put into force with only three of the allied powers completing ratification those powers would proceed with the organization of the league.

Directly the treaty comes into force several of its clauses become effective. Chief among these is that requiring Germany to issue 100,000,000 marks for bonds for the reparation of devastated territories.

EXPECT DEFEAT OF AMENDMENT IN THE SENATE

Kellogg Comes Out For Defeat Of Shantung Measure

(By Associated Press.)

Washington, October 16.—Debate on the Shantung amendment to the peace treaty was resumed in the Senate today with leaders hopeful that a final vote would be had before adjournment.

Although contending that the vote would be close, supporters of the amendment contended that it would be defeated. At the beginning of the debate Senator Kellogg, republican, announced his opposition to the amendment declaring it would be inconsistent for the United States to presume to dictate in the Far East now after remaining silent while Germany and other nations had seized territory there in years past.

BADLY INJURED BY ANGRY COW

Mrs. T. N. Wain of near this city was painfully bruised and otherwise injured about five o'clock Wednesday evening when she was knocked down and trampled under the feet of a vicious cow. Mrs. Wain received a broken shoulder blade and was so badly bruised that she will be confined to her bed for some time. Her life probably was saved by the fact that the cow had been dehorned.

Mrs. Wain had gone to the lot to milk the cow. The cow knocked Mrs. Wain to the ground with her head and then started to strike her with her hoofs. She managed to turn over, and started to crawl to a tree some distance away. Mr. Wain, who was doing some work around the barn heard the cries for help. He was speedily on the scene and carried Mrs. Wain to the house.

FEEDS 120 HOGS AT ADVANCED AGE

Fayette county certainly has her share of active octogenarians. Among them is found one farmer, Mr. Jacob C. Smith of the Lewis pike, who in his 85th year, is feeding 120 head of hogs, 20 head of cattle and actually doing a great part of the work himself, besides husking corn with untiring activity.

Such a record of preservation and energy, which defies the oncoming years, may well be a matter of pride with children and grand children.

TOWNSLEY'S IDEAL BRINGS \$5,000

J. W. Townsley, of the Chillicothe pike, has received word that a pig which he recently sold to Blomendal Brothers, of Orange City, Iowa, for the sum of \$2,000, has been resold by the men for \$5,000.

The pig, one of Townsley's well known Big Type Poland Chinas, was recorded as "Townsley's Ideal" and was one of the best hogs ever produced in Fayette county. It is expected that the fine fellow will again be heard from.

UNION BOARD BUYS NEW SCHOOL TRUCK

The Union Township Board of Education has purchased a new motor truck to be used in the transportation of the school children of the township.

The truck is a Ford Chassis with a special body. It was purchased from the Patterson Company Greenfield.

It has not been settled in which district the new truck will be used but the crowded condition in the transportation problem has warranted the purchasing of a new truck for some time, it is declared.

HUMAN JUNK HEAP SURVIVES KNIFE

(By Associated Press)

Boston, October 15.—Discovery of a "human junk heap" was announced by officers of the House of Correction at Deer Island today.

Charles W. Buzzell, of Montreal, serving a sentence of one year for forgery complained of indigestion. A surgical operation resulted in the recovery of two pounds of particles from his stomach, which included part of a dog chain, two feet long, a safety razor blade, nearly whole, a suspender buckle and 179 pieces of glass, hay wire, staples, nails and screws. Doctors say Buzzell has almost entirely recovered.

Wounds From Rusty Nails Dangerous

Serious results, through blood poisoning, often occur from scratches, cuts or wounds from rusty nails or other metal. Don't run this danger. Protect yourself by having a bottle of Housatonia always at hand.

Dean McKillip, well-known farmer of Clark Co., Ohio, says: "I stepped on a rusty nail which extended halfway through my foot. I applied Housatonia to the wound and banded the foot. In a short time the pain got easier. After five days I did not limp and the wound healed nicely. People who use Housatonia for such injuries do not need to fear blood poisoning."

Housatonia (The Original Jones' Liniment) may be freely applied to open cuts, sores or burns without fear. It soothes while it heals. At your druggist. 25c, 50c and \$1.00 sizes. Many thousands of desirable yearlings, two-year-olds and strong weight feeders were on the market in all the beef breeds of Shorthorns, Herefords and Angus. Quality of these offerings is extra good and selection all that could be desired.

There is a good attendance of buyers and feeders weighing around 800 pounds and upwards are selling steady to a shade lower, while all the light cattle are a good big 25 cents lower, and all these cattle look very well worth the money at the present prices. We would advise buying now while receipts are so liberal, prices lower and weather good. We would advise you to come to Chicago at once or forward your orders.

RYAN DECLARES CLASSIFICATION BEST METHOD

Former Secretary of State
Insists Present Uniform
Rule of Taxing is Failure.

Says Uniform Rule Recognizes no Distinction in Property Earning Powers.

Addressing two score or more citizens assembled at the Y. M. C. A. Thursday noon, Hon. Daniel J. Ryan, former secretary of state, speaking under the auspices of the Dutch Treat Club, strongly defended the proposed amendment for the classification of property for taxation—a provision which is attracting widespread attention at the present time and which will confront the voters when they step into the polls at the November election.

Mr. Ryan spoke at some length and said in part:

"The operation of the uniform rule of taxation in Ohio has been a practical failure under the complex system of today.

"The people of Ohio are in favor of classification and the system of uniform rule has been condemned by every scientific commission, board or authority who have investigated the subject.

"Where classification has been adopted there never has been a movement for a single minute to go back to the system that had been abandoned."

"Taxation by uniform rule was first adopted in this state in 1846 by law, and made a constitutional provision in 1851. The state at that time was largely agricultural and all subjects of taxation were almost wholly of a tangible nature, visible to the assessor and readily placed upon the duplicate. The great intangible property, such as stocks, bonds, moneys and credits, were a negligible quantity with their proportions today.

"Six different times the classification amendment has been submitted to the people of Ohio and six times they gave a majority in favor of classification, but at the times those votes were given the constitution required a majority of all the voters at the election at which the amendment was voted upon, except the last one when, although the classification amendment carried, the Supreme Court, on a technical ruling, declared it was not adopted.

"The necessity for this change has long been apparent to authorities in Ohio and other states which had adopted the general property tax by uniform rule, so that today there are but 11 states in the union, if Ohio and Pennsylvania who are now considering classification are included, which have not adopted some plan of classification. With the exception of Illinois and Ohio, those states are largely agricultural and not commercial, so that the bulk of their tax duplicate can be attained by observation.

"Illinois a year ago voted on this question. The result was 700,000 for classification and 200,000 against, but owing to requirement of a majority of the votes cast at the election it was not adopted.

"The uniform rule recognizes no distinction as between property having little earning power and property having a great earning power," Mr. Ryan continued, "or as between property having a depreciating value and property having an appreciating value. There is no justice in such a rule and it cannot be enforced by any law. An act of legislation which for its enforcement requires the affirmative support and acquiescence of the people cannot be executed if the people believe that it works an injustice to them. If it confiscates their property or destroys their income, it cannot be enforced. That is the reason why so many hundreds of millions of wealth of intangible property does not contribute its share of taxation. The result is that land owners, manufacturers, and everybody who possesses tangible property in the nature of lands, buildings, tools, etc., are bearing more than their just share of the tax burden.

In conclusion Mr. Ryan quoted from reports of commissions, boards or authorities who have investigated the subject to prove his claim that the system of uniform rule was a failure, while the system of classification was successful where it superseded the uniform system.

"The bank deposits returned for taxation in Kentucky in 1917 were \$11,000,000," Mr. Ryan said. "Under classification for the year 1918 they were \$172,000,000 and the personal property returned for taxation in Jefferson county, Kentucky, which included stocks, bonds and notes, increased from \$17,000,000 in 1917 to \$119,000,000 in 1918. The total duplicate returned from \$911,000,000 in 1917 to \$1,403,000,000 in 1918."

"It is a significant fact that no state that has adopted Classification has never gone back to the 'uniform rule'."

"The operation of classification in Kentucky, adopted after a century's trial of the uniform, has proven even in its first year a marvelous improvement. The report of the First Tax Commission for Kentucky for 1918 says: 'That the new tax laws are a success; cannot be disputed. We do not believe that any state under any system of taxation has accomplished so much in one year.'"

"The result has been noted in North Dakota in the first year under classification according to the report of the State Tax Commission for 1918; the total amount of intangibles on the duplicates in 1917 was \$1,228,000 and in 1918 under a lower rate of taxation the assessment amounted to \$100,162,000.

Mr. Ryan considered the objections to the assessment. First, that it will increase the taxes on real estate. The purpose of the amendment," he said, "is just the reverse and he was of the opinion when the billions of intangible property was placed upon the duplicate by taxation at source, land taxes will be materially reduced. 'This was he effect in Kentucky according to the report of Tax Commission,' he said.

"Second; that it will permit single tax. This is absolutely impossible. To carry out single tax, the land is solely taxed and improvements exempted. This amendment specially mention what can be exempted and it only allows burying grounds, school houses, church and charitable and public institutions. Private property cannot be made exempt by the legislature therefore single tax is impossible.

D. T. & I. HITS ANOTHER HEARSE

Another funeral car was smashed by a D. T. & I. engine, Wednesday evening, this time the hearse was struck at Lagonda avenue in Springfield, and completely wrecked.

The driver Otto Krisher, of Dayton was thrown through the windshield of the hearse and badly hurt.

THE SUN is always shining at this studio no matter how dark and gloomy the day. We are independent of the weather man and can make photographs any time it is convenient for you to come.

PERRY TOWNSHIP S. S. CONVENTION

The Perry Township Sunday School convention was held at Sugar Grove. All the Sunday schools of the township were represented in the school held in the morning. Following Sunday school was preaching by Rev. Whitmer.

All prepared dinner baskets, and at the noon hour dinner was spread on the tables in the basement of the church, and greatly enjoyed.

The afternoon session of the convention began at 2:30. Very interesting talks were made by Rev. Gage, Mrs. D. H. Rowe, Rev. Kearns Preston, and the county president, Mr. Heinlein. Special music consisted of a piano solo by Miss Lorie King and violin duet by Misses Lillie Little and Lucile Cockerill with Miss Lola Knedler accompanying on the piano. The following officers were elected or the coming year:

President, W. R. Everhart; vice president, Elba Carson, secretary, Lu Lu Sommers, assistant secretary, Mrs. Hazel Weade; treasurer, J. M. Carson. Executive committee — Miss Ella Haines, Mrs. H. D. Cockerill, Miss Ada Knedler, Frank E. Haines. Adult superintendent, Harry King; home department, Mrs. A. M. Todhunter; cradle roll, Mrs. Minnie Wain; temperance, Mrs. Harry Todhunter; missionary, Mrs. Dave Marine.

STILL SEARCHING FOR MISSING MAN

With the aid of detectives and police enlisted, the widespread search for William H. Fogle, son of W. S. Fogle of this city, continues but so far no definite word has been received that would indicate the whereabouts of the missing man.

However the sleuths making the search are hopeful that within a few days something definite may be learned concerning the young man.

Whether he met with foul play, or whether he lost his mental faculties temporarily, is not known, but the belief inclines toward the latter.

Mr. Fogle is at Broadway for a few days while the search for his son continues. Meanwhile the wife and four children remain in this city anxiously awaiting news from their loved one.

RAIN INTERFERES ON THE GRIDIRON

Football practice during this week has been retarded somewhat by the rain but Coach Moorehead is confident that his tribe will be able to give the Williamsport team another drubbing next Saturday.

Practice has been held each evening but the weather has kept many from coming out to the scrimmage. Nevertheless the spirit of the eleven is not diminished in the least and followers o, the squad expect to see the large end of the score brought home by the Blue and White team.

MASQUERADE AND BOX SOCIAL.

There will be a masquerade and box social at the Bookwalter Centralized School, Friday evening, October 24. Ice cream and cake will also be served. Five cents admission will be charged for all un-masked. Proceeds will be used to purchase a Victrola.

Brighter Prospects

From almost every one of the steel strike zones come reports of encouraging developments and occurrences which seem to promise a return of the strikers to work.

Among developments in labor areas which contain much of promise for a return of quiet in the world of labor, is the refusal of men "ordered out" by radical leaders, to quit their jobs and enter upon a prolonged strike. All of these reports seem to indicate that the power of the disturbing element, which has fastened its tentacles upon the organizations of the labor elements, is being weakened and that the good, sound sense of the American working men is returning, and if so, the time of agitation and unrest is nearing an end.

It is remarkable that so many laboring men have been deceived at all as to conditions and the only remedy possible.

The high prices due to feverish demand, the reduced production and the increased destruction and consumption can only be brought down to normal by work and economy. Americans—laboring men and all—must work harder and more regularly, produce more of everything than they have before, even in war-time, and buy less.

It is strange that any sound thinking, clear seeing Americans realize that payment of higher wages could only result in higher prices.

Gradually, but certainly, reason seems to be returning to her throne. The collapse of the great steel strike—admitted now, a mistake by many of the more sensible strikers—will do much to bring realization to the workers that no demand can succeed unless it is supported by the sympathy of the public and that that sympathy will not be given to an unreasonable demand any more than it will be given to a flagrantly unjust demand.

The failure of the steel workers' strike will be far reaching, too, in its effect on other labor organizations waiting for the outcome of that strike to determine their own course.

The Pumpkin Crop

It is doubtless if ever before this section of the country has produced a larger crop of pumpkins than it has this year.

On every farm, almost, large and small, the golden pumpkins are heaped in piles to glisten in the October sun a joy to the beholder and an adornment to the landscape. So industriously had the pumpkin vines been growing and producing in the shade of the growing corn that even the landowners were surprised at the abundance of the harvest, which stood revealed when the corn stalks had been severed from the ground.

The pumpkins are not only things of beauty as they are heaped in piles on the ground, but they are palatable and nourishing food for man and beast. They keep well for a long time and are economical to prepare for the table.

And, by the way, speaking of pumpkins, reminds us that if there is anything better to follow after the regular meals in cold weather, than a nicely seasoned, well cooked brown pumpkin pie, its discovery has not yet been announced by a verdict of those who love good, wholesome and "fillin' things" to eat.

Lodge's Reference

Senator Lodge in the course of delivering his prepared speech in the Senate on Tuesday supporting the proposed amendment to the Shantung provision of the peace treaty, asserted that Japan was busy preparing to control China and mobilize the almost inexhaustible man supply of that nation into a tremendous army which would menace the United States.

Unless the nations are bound together in a league of nations pact that is, very probably, just what Japan will do and, with Germany working east into the great reservoir we call Russia, a union of the two great autocracies—Japan and Germany,—in the near future thus establishing a world menace far more serious than the one recently crushed, is not difficult to see.

That's one of the developments the league of nations is designed to prevent.

With Japan organizing China for war, herself on a war footing, and Germany re-establishing the old military autocracy with covetous eyes on Russia, the pathway of the free nations of the world is clearly defined as one of constant preparation for a war of defense, with its awful burden of expense, eventually resulting in another world war.

While Senator Lodge and his associates are careful to confine their objections to specific provisions, yet it is clear that the aim is to destroy entirely or to so amend as to render it useless the great broad plan of a league of nations.

The reference of the Massachusetts senator to Japan's activities and intentions, in a military way seem to weaken the position rather than to strengthen it.

POETRY FOR TODAY

THE THREE GREAT WORDS.

The three great words so oft I write to you,

Dining the phrase we long have known is true—

Sometimes, in dread lest they grow trite and stale,

I've set my wits to varying the tale With honeyed parody. Yet when you write,

If those three words withhold their presence bright

From any page, my heart is desolate— No hail else when a soul would speak its mate!

By this I know the words we're long known true

Could, by no iteration, weary you. Hence, howsoever oft to you I write,

Those three sweet words shall lend each page their light.

FARM NOTES

Mix Phosphorus with Manure This Season

With the approach of the cattle-feeding season, attention is called by the College of Agriculture to the value of mixing phosphorus with manure. According to R. B. Dustman, soils specialist at the college, "either the acid phosphate or the phosphate rock may be satisfactorily handled by dusting it over the litter each day or by turning it into the stalls and feed pens before the manure is thrown out. One pound of either material daily for each 1000 pounds of live weight will give the desired proportion. Another very satisfactory method where there is a manure shed or storage basin is to have a bin in the barn where a supply is kept constantly at hand and from which the acid phosphate or finely ground rock can be shoveled over the manure as it is being thrown out from the stalls and feeding pens. Certainly there is no lack of evidence as to the desirability of reinforcing manure. The chief reason for its present limited practice appears to be lack of serious consideration."

Fresh Vegetables in Winter

Are you interested in having fresh vegetables in winter from your own garden? A circular telling of different ways of storing vegetables may be had on application to the Agricultural College Extension Service, Columbus, Ohio.

Assistance in planning the construction of vegetable storage cellars may also be had from the extension service. When help is desired, definite information should be given concerning the project. Sketch or blueprints can then be furnished.—O. S. U. Bulletin.

HARROWING STORY BY RED CROSS MEN

Paris, September 10. (By Associated Press)—American Red Cross relief men just returned from Budapest tell a harrowing story of the extremes to which the civil population were reduced when the Bolshevik and Rumanian armies struggled for the mastery of the city, and staple food supplies disappeared from the market. As the troops swept on leaving behind them cavalry and artillery horses killed in action, men and women from the Budapest suburbs, made desperate by privation, descended upon the battle fields and vied with one another for the meat supply thus made available. They fell upon the carcasses cutting away chunks of meat with pocket knives and cleavers, and carrying them off wrapped in old newspapers.

ASHTABULA—City council last evening voted to approve an offer made by director of the Ashtabula Rapid Transit Company where by the city may acquire the holdings of that company at a cost of \$296,000. The matter was one which has been under consideration for several months.

Corns Come Off Like Banana Peel

"Gets-It" Leaves Toe Smooth As Your Palm. Never Fails.
Ever peel off a banana skin? Well, that's the way "Gets-It" peels off any corn or callus. It's a picnic. Nothing else in the world will do it

"2 Drops of 'Gets-It,' Good-bye Corns!"
but "Gets-It" because of the new secret principle in the "Gets-It" formula. "Gets-It" does away forever with "contraptions," "wrappy" plasters, ointments that rub off, blood-letting, livers, and scissors that snip into the "quick." "Gets-It" causes pain. It takes but a second or two to use "Gets-It." There's no fussing or trouble. It dries immediately. You put your stocking right back on again. Your corn will come off painlessly in one complete piece. That's common-sense. It never fails. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

The hospitable atmosphere of the home, the very interesting program presented and the attendant social features were contributing factors to make the October meeting of the Woman's Missionary Society of the First Presbyterian church, held with Mrs. Frank M. Fullerton, on Wednesday afternoon, an enjoyable one.

Assisting Mrs. Fullerton as the afternoon's hostesses were Mesdames Josephine Kerr, H. T. Wilkin, J. A. Crawford, Lizzie Bush Margaret Daventport, J. F. Adams, H. L. Stitt, Mary Kessler, J. B. Butcher, Wert Shoop, J. M. Willis, Tom Grove, John Hicks, Nettie B. Chaffin, Frank Flee Jr., T. S. Pinkerton.

The annual election of officers followed the opening devotionals, Miss Emma Jackson taking the place of the president, Mrs. A. F. Hopkins temporarily. The newly elected officers were Mrs. Hopkins, President, Mrs. Bella L. Ustick, First Vice; Mrs. Harriet Forsyth Woodward, Second Vice; Mrs. J. A. Walker, Third; Secretary, Mrs. O. K. Probasco; Assistant Secretary, Mrs. L. H. Goldard; Literary Secretary, Mrs. C. H. Thoroman; Treasurer, Mrs. Chas. Gage; Secretary Young People's, Miss Blanche Tullis, Study Class Leader, Mrs. W. B. Gage.

The quota for the New Era Movement was reported as having been satisfactorily reached.

The month's program, with subjects "Alaska" and "India," was presented with Mrs. Robert Bryson leader.

Mrs. Ethel Jackson contributed a fine paper on "The Years of United States Ownership of Alaska." The early criticisms concerning the enormous purchase price have long since given way to the fact that the purchase of Alaska was one of the best bargains the government ever made and the mines and fisheries have paid for themselves many times over. This wonderful country now possesses 70,000 inhabitants.

The society greatly enjoyed a number of original compositions by Mrs. H. L. Stitt. They were nursery rhymes set to music with immense cleverness and recited by Mrs. Stitt before they were played. Dorothy and Katharine Hudson charmed the gathering with a cunning little song.

Mrs. Carey Persinger presented "India" in the reading of a number of interesting leaflets and short items were given on India and Alaska.

The hostesses served delicious refreshments at the close of the program.

The Mothers' Club is opening the new year with its usual purpose and energy and doing the practical and needed thing as well as taking up the study of those problems connected with the welfare of the child.

The second meeting was held with Mrs. Clarence N. Baer, with a good attendance.

Mrs. Clarence Craig presented a splendid paper on "The Teacher as the Chief Factor in Creating the school room atmosphere." The paper brought out many new ideas and was pregnant with helpful suggestion. The writer gave insight in to the wonderful system of teaching employed in the Gary, Ind. schools.

Mrs. Earl Barnett contributed the first of a series of papers upon "Malnutrition"—a subject to which the club will give quite a little study. It gave an excellent presentation of symptoms and causes and called forth interesting round table discussion.

A committee of club women visited the City Board of Education Monday night to take up with the Board the establishing of a play room at Central. At present there is no such play

room, the one formerly used being needed for a class room. One of the basement rooms could well be utilized and the Mother's Club proposed to the Board that it would gladly take over the equipment and furnishing if the Board would put it in sanitary condition. The Board most willingly agreed and in the near future the tots at Central building will enjoy a well fitted out play room.

Miss Sallie Pursell entertained the Thursday Euchre Club with delightful hospitality, Thursday afternoon.

A dainty appointed and tempting luncheon followed the game.

Miss Violet Rodgers delightfully entertained thirty young people Thursday evening at her attractive country home on the Good Hope pike.

A guessing contest added to the pleasure of the social evening. Mr. Charles Fultz winning first prize and Miss Ruth Waters the consolation.

Roses shed fragrance through the rooms and a pink and white color scheme was carried out in dainty refreshments served.

Mrs. E. D. Rodgers assisted her daughter in the hospitalities.

Dr. and Mrs. S. E. Boggs are entertaining with a dinner and theatre party to see "The Bird of Paradise" at the Hartman Theatre, Columbus, Thursday night, in compliment to Mr. and Mrs. George Renick, of Chillicothe who leave shortly to spend the winter in California. They are motoring to Columbus, with Mrs. Frank L. Stutson, Mr. and Mrs. H. Renick Boggs additional guests.

The home of Mr. and Mrs. S. M. Oliver on Clinton Avenue was the scene of a very pleasant surprise, Tuesday evening when Mr. and Mrs. Calvin Johnson were given a parcel shower by Mrs. Oliver and Mrs. B. G. Reynolds, aunts of the groom.

The home was beautifully decorated with roses, carnations and white and yellow chrysanthemums. The evening was spent in games and contests.

After a dainty collation was served the guests numbering about fifty departed leaving their best wishes with the bride and groom.

Mrs. R. E. Brown extended cordial hospitality Wednesday at the second of two charming Bridge parties which have added to the pleasure of the social season.

At each affair five tables engaged in play, the favors, corsage bouquets of yellow roses, going to Mrs. George Fabb and Mrs. Margaret Colwell. An elaborate luncheon of beautiful appointments, using a yellow and white color scheme, was served at both parties.

Mr. and Mrs. Walter Burnett, of Buena Vista are announcing the birth of a seven pound daughter, October 13th. The baby has been named Alice Marie.

Mr. and Mrs. P. L. Jones and little son Charles arrived from Cleveland Thursday afternoon to be the guests of Mrs. Jones' sister, Mrs. Joseph I. Taggart and family for a few days, and accompany them on a motoring trip Friday to Delaware for the week end to visit relatives.

Mrs. Douglas Shoaff and little daughter Eleanor leave Friday morning for their home in Shelbyville, Ill., after spending some months with Mrs. Shoaff's father, Dr. W. E. Ireland.

Mr. and Mrs. Laris Hard are announcing the birth of a daughter at their home on South North street, October twelfth.

Mr. and Mrs. Will D. Chaney were business visitors in Cincinnati, Wednesday.

Mr. and Mrs. E. W. Harvey are spending a couple of days in Cincinnati.

Mrs. Henry Rowe, Mrs. Harry Limes and Mr. Thomas Brown, of Greenfield were visitors in this city, Wednesday.

Mr. and Mrs. Clarence Campbell and mother, Mrs. Ella Campbell went to Lancaster Thursday for a short visit with Mr. and Mrs. Robert Johnson.

Mr. and Mrs. Wallace Ervin of near Bookwater were business visitors in this city Wednesday.

Mrs. C. P. Shively, of Springfield spent Wednesday the guest of friends here.

Misses Kathleen and Ruth Sibert Messrs. Charles, Verne, and Omar Sibert, of Jeffersonville were visitors here Wednesday.

Mrs. Fudie Barker and daughter, Miss Corrine, of Jeffersonville were shopping visitors in local stores Wednesday.

Among the shopping visitors in this city Wednesday were Mr. and Mrs. Jess Hankins, of Sedalia.

Mrs. M. M. Barrere returned Thursday morning from a visit in Springfield and at the Masonic home.

Mrs. Frank Morris and Mrs. Ed Browning, who were among those attending the State Church of Christ Convention in Cincinnati this week, also visited Mrs. Will Gosney, at Bellevue, Ky., and Mr. Hall Struve, of Walnut Hills, Cincinnati, returning home Wednesday evening.

Friends of Mr. and Mrs. Lawrence W. Ustick will be interested to learn of the birth of a daughter at their home in Buffalo, N. Y., on October the sixteenth. The baby has been named Jean Waldo.

Mr. and Mrs. B. D. McVey, Mrs. Charles Head, two children, Richard and Charles, Jr., and Miss Sarah Wilson, of Greenfield, were guests of Mr. and Mrs. Thomas Hillery Wednesday.

Misses Elizabeth Johnson and Jean Howat, Messrs. Raymond Dawson and C. Armstrong motored to Latonia to the races, Wednesday.

Mrs. S. S. Winder, of North Lewisburg is visiting her daughter Mrs. Frank Christopher for several days.

Mr. and Mrs. Louis Weinmann (Arvilla Rowe Baxter) have arrived from Alameda Cal., and are guests of Mr. and Mrs. Walter E. Ellis. Mr. and Mrs. Weinmann stopped off in Chicago to visit Mr. Howard Ellis enroute to Ohio.

Dr. Will Carman returned to Cincinnati, Wednesday after a short visit with his mother Mrs. I. H. Carman near Selden.

Miss Stella West left Thursday morning for Rainelle, W. Va., to spend a month the guest of Mrs. Elizabeth Davis.

Mr. H. J. Eastman, of Dows, Iowa, spent Tuesday and Wednesday the guest of Mr. J. W. Haigler.

Mr. L. G. Spragg is among the week's visitors at the Latonia races.

Miss Mabel McClure left Thursday for Dayton to visit friends.

Mr. Glenn Coff, who has been seriously ill for some time at his home near Jasper was very low Thursday.

Mrs. Ida C. Gillespie entertained during the inspection of the Pythian Lodge, Mrs. Lillian Howard P. G. C. D. G. C. of the Columbus Pythian Lodge.

PHEASANTS MAKE HOME IN THE CITY

A full grown and very beautiful golden pheasant has been making its home in the northeastern part of the city for several days, and its presence in gardens and upon vacant lots has been reported by numerous citizens. While the bird apparently is comparatively tame, it does not allow anyone to approach near enough to catch it.

WILL BE TAKEN TO MANSFIELD

Sheriff N. B. Hall, Friday will escort three men to the Mansfield reformatory—Charles Boltz and Harry Davis, chicken thieves who are said to be non-residents of the county, and Carl Smith, the latter for breaking into the Ideal Store in this city and stealing money and goods.

AKRON—Akron machinists who have been on strike for seven weeks decided at a secret meeting last night to return to work, it was reported today in labor circles. Companies made no concessions, it is said.

GIRL IS FAMOUS FOR HER MEMORY

Gay Zenola MacLaren.

Gay Zenola MacLaren has added a new profession to the already long list of "Things That Women Can Do." She reproduces the best plays of Broadway perfectly, after hearing them but two or three times. She is known all over America as "The One Girl Show," and the government sent her to Panama five times to entertain the workers when "the big ditch" was being dug. Miss MacLaren has never seen a text of a single play she has presented.

MAKING ABSTRACT FOR REAPPRAISING FAYETTE'S REALTY

County Auditor Glenn M. Pine now has additional clerks at work compiling an abstract of all real estate in Fayette county for the purpose of placing before the appraisers complete data as to present valuations and make their work much easier than it would be if they had no guide from which to work.

The actual work of reappraising probably will start about November 10th to 15th.

The County Surveyor has been instructed to prepare maps showing each tract and these will be used by the appraisers when they go forth to take up the important work of reappraising Fayette county land.

REGISTER AND MAPS ARRIVE AT OFFICE

In order to keep a definite record of all visiting motorists who stop at the Fayette County Automobile Club offices a visiting register has been installed on which motorists will sign their names in the manner of a hotel register.

The first tourists to sign their names were H. N. Smart and Herbert J. Gabeny, of Bay City, Michigan. They were routed to Louisville, Kentucky.

A complete highway atlas of the state has been purchased and will be for the use of the tourists.

For the persons who are making this city their headquarters and wish to know the exact condition and location of all the roads of Fayette county a number of county atlas maps have been secured. These maps show 8.2 miles of brick roadway in the county, 78.7 miles of loose macadam and unrolled stone, 7.3 miles of water bound macadam, 9.1 miles of bituminous, 4 miles of bituminated, 24 miles of earth and 502 miles of loose gravel, making the total of miles of roadway in the county 634. The map shows 28 miles of roadway under construction.

DRY FEDERATION PLANS BANQUET

Preparations are being made for a banquet on the evening of October 21st, at 6:30 at the Y. M. C. A. to be attended by the entire county organization of the Fayette County Dry Federation and the ministers of the county.

The purpose of the meeting will be to prepare and formulate plans for the dry campaign which will be waged over the county.

REV. J. L. McWILLIAMS IS MADE CHAIRMAN

Rev. J. L. McWilliams, of Wilmington, has been named County Chairman of the Roosevelt Memorial Fund campaign in Clinton county. That county's quota is given to him as about \$1,700.

HAD FRONT SEAT WHEN BIG SHOW OPENED AT LIEGE

(By Associated Press.)

New York, October 16.—Lieutenant General Baron Jacques, who according to his own assertion, occupied the "front seat in the front row" when the Germans opened the great international "show" in 1914, is the most striking member of the suite which is accompanying King Albert of Belgium on his visit in the United States.

General Jacques was in command of the Twelfth Regiment, one of the crack military organizations of Belgium and was stationed at Liege where where General Leman was in command.

"I had never been impressed by the bombast of the German soldiery and I had full confidence in my own men," said the General as he sat in his plainly furnished cabin on board the George Washington on the voyage to New York and talked of the early days of the war.

"We first came in contact with the Germans on the bridge of Vise, and after a sharp fight drove them back, capturing the flag of the 95th Brandenburg regiment."

"That fight aroused the people, and immediately we had more than a thousand civilian volunteers, digging trenches and helping in every way possible. General Leman issued a proclamation in which he said: Big Germany has invaded our country imposing an ultimatum which constitutes an outrage. Little Belgium proudly accepts the challenge. The Belgium army will do its duty. The people of Liege only ask to be allowed to do theirs."

CANDIDATES FOR TEACHERS' BOARD

(By Associated Press.)

Columbus, Ohio, October 15.—Members of the state teachers' pension board will be elected Friday and Saturday of this week when public school teachers throughout the state will ballot on candidates. Two will be elected. City and village school teachers will cast their ballots Friday and rural instructors will do likewise Saturday.

The following six men and two women are candidates: John G. Berg, Paulding; M. Emma Brooks, Cleveland; J. M. Collins, Springfield; Josephine Hammond, Steubenville; H. V. Hotchkiss, Akron; W. W. McIntire, Norwood; John W. Moore, Lisbon, and P. C. Zemper, Mt. Vernon.

As soon as the two teacher-members are chosen the state retirement board will organize and establish headquarters in Columbus. The other members are F. B. Pearson, state superintendent of public instruction; State Auditor Donahay and Attorney General Price. The board will elect a secretary and such other assistants as may be necessary. The legislature has appropriated \$10,000 to establish the system.

HALLOWE'EN WILL BE OBSERVED HERE

Following the usual custom it is the plan of the Y. M. C. A. to observe Halloween with a program and parade and other activities to take place with the "Y." as the center.

Next Monday evening the Social Committee will meet at the "Y." and take up the program for the winter and it is expected that Halloween program will come under their observance. The committee is composed of Nolin Hathaway, Herbert Brownell, Bert Ellis, Sam Lidy, Charles Johnson, Ed Pife, Maynard Craig and Harold Hays.

No man is so absent-minded that there aren't some things he would like to forget.

CLEVELAND WILL NOT CHANGE CLOCKS

(By Associated Press.)

Cleveland, Ohio, October 15.—Cleveland clocks will not be turned back October 26, when the rest of the nation will move the hands of all time-recording instruments back an hour. This is because Cleveland clocks were set back an hour earlier in the year.

After October 26 Cleveland again will be in the Eastern time zone, and will be in uniform schedule with the railroads entering the city. Cleveland now has central time.

CLEVELAND GETS AUTO BODY PLANT BIGGEST IN WORLD

Fisher Company of Detroit, To Erect Great Factory in Forest City at Once.

\$10,000,000 Capital is Involved in Deal Which is One of Biggest in Auto History.

Cleveland, O., October 16.—The Fisher Body Corporation is the world's biggest producer of automobile bodies. It has twenty-two plants in Detroit, and one in Walkerville, Ont. The Detroit plants have grown from an investment of \$31,000, eleven years ago to \$20,000,000 today. Plans have been perfected to make this an even \$60,000,000 this year.

The growth was so fast that it had to utilize what widely separated plants could be picked up all over the Detroit manufacturing area.

Now that the company is ready for an extraordinary expansion, Cleveland is to have the company's biggest modern plant erected in a single unit. Detroit will continue the leading producer of automobile bodies, but according to President Fisher, Cleveland is to have the largest integrated plant, and this city will immediately take rank as the second largest producer of auto bodies in the world.

Associated with Otis & Co. in financing is the banking house of Hallgarten & Co., of New York. The Fisher Body Ohio Company will be formed with an initial cash investment of \$10,000,000. It will be operated as a subsidiary of the Fisher Body Corporation.—Adv. 244 11

A WASHINGTON C. H. INTERVIEW

Mrs. Cramblett Tell Her Experience
The following brief account of an interview with a Washington C. H. woman four years ago, and its sequel, will be read with keen interest by every citizen.

Mrs. J. J. Cramblett, 474 S. Fayette St., Washington C. H., says: "I was all run down and I had to give up my work. An attack of lumbago left me helpless. My back ached so much I could hardly bend over and my kidneys showed many signs of weakness. I couldn't sleep well and mornings I could hardly get out of bed. My head ached and I had such dizzy spells. I could scarcely walk. I was nearly a physical wreck. I got a box of Doan's Kidney Pills and they put me in good health." (Statement given July 31, 1913).

On August 7, 1917 Mrs. Cramblett said: "I am glad to recommend Doan's Kidney Pills again. Whenever I notice any symptoms of kidney trouble coming on, I use Doan's, and in twenty-four hours or less, I get fine relief."

PRESIDENT HAS RESTFUL NIGHT IS CHEERFUL

Enjoys Having Mrs. Wilson Read To Him.

(By Associated Press.)

Washington, October 16.—President Wilson, relieved from the glandular swelling from which he suffered for two days had a good night's rest last night, said the bulletin by his physicians today.

Dr. Grayson said the President was cheerful and was enjoying having Mrs. Wilson read to him.

The White House has not considered canceling the visit of the King and Queen of the Belgians on October 24, Dr. Grayson indicated.

USUAL LINEUPS FOR SUNDAY GAME

Next Sunday's game with the Wilmington Clintons will see almost the usual lineup in the Athletic uniform. About the only outsider of big league calibre who will be on hand will be Taggart, of the Columbus A. A. team. He will be in right field.

Manager Noon states that his lineup will be as follows: Chaffin, lb., Frohenoefer, 2b., Koblenz, ss., Lewis, 3b., Noon, cf., Jones, cf., Taggart, rf., Adams, c., Morris, p.

It is expected that the Wilmington lineup will be composed of the regulars. Fisher has supplanted Ramsey in the right garden.

SECY BAKER SAYS GOVT DETERMINED

(By Associated Press.)

Cleveland, October 15.—Secretary of War Baker, addressing the delegates to the convention of The Ohio Federation of Women's Clubs tonight referring to the agitation and unrest in the country, said the Administration in Washington is determined that federal laws be enforced and federal agencies, left unobstructed, and that federal troops will respond instantly to the call of any governor to suppress riots and disorder in any state.

BITTER FIGHT BREWING OVER LABOR DISPUTE

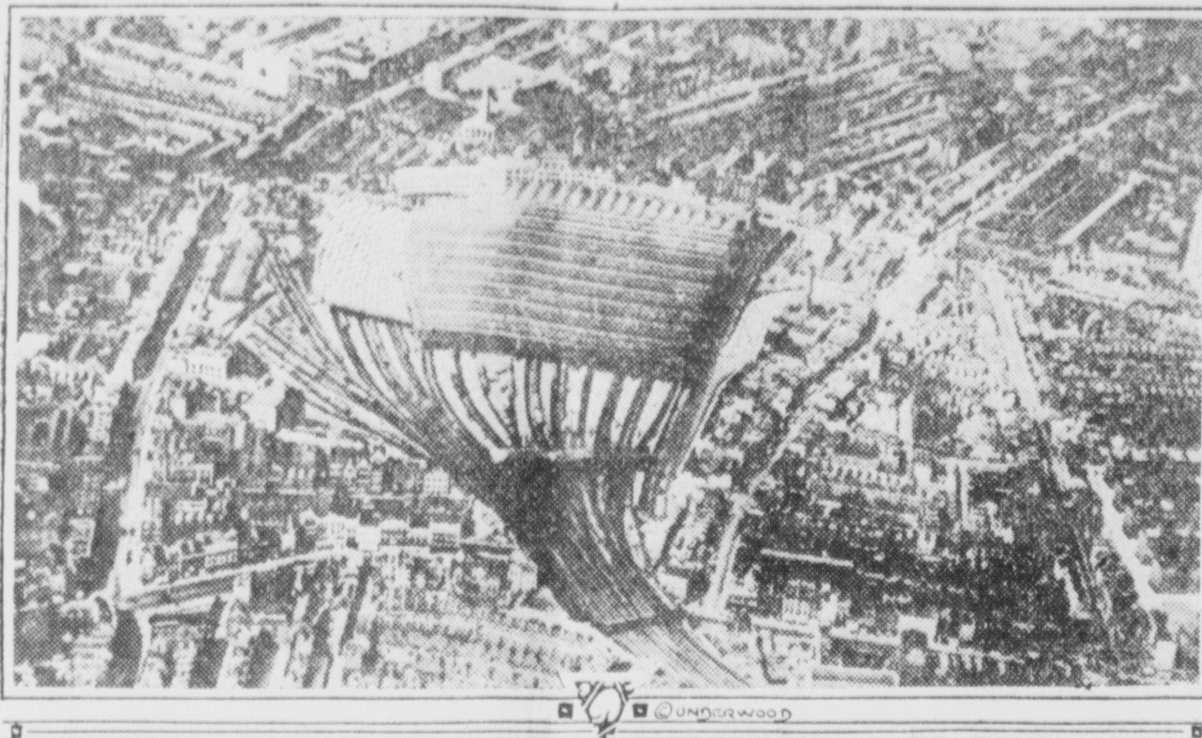

(By Associated Press.)

Zanesville, October 15.—Under the leadership of Max Hayes, of Cleveland, supporters of the movement for the formation of a labor party were tonight marshalling their forces for a bitter fight tomorrow on the floor of the convention of the Ohio State Federation of Labor.

While the mass of delegates are said to be opposed to the idea of a labor party, Hayes scored against the opposition and forced recognition of the efforts of the new party followers by introducing a resolution calling for a referendum vote on the proposition by locals and central labor bodies throughout the state.

Following heated argument lasting almost two hours for and against it, the Federation adopted the resolution declaring against nation and state-wide prohibition and urging the defeat of the Crabbe prohibition enforcement law at its session Wednesday morning.

GREAT LONDON RAIL CENTER TIED UP BY STRIKE

Airplane view of Waterloo railroad station in London.

The famous Waterloo station is one of the great terminals practically still since the general railroad strike was called in England,

tying up transportation. Government trucks were pressed into service to help distribute food about England until enough trains

could be run to move supplies. Airplanes have been handling the mail as rapidly as possible since the strike was called.

SPEECH MAKING AGAIN DELAYS WORK ON TREATY

(By Associated Press.)

Washington, October 15.—Entirely filling another seven hour session with talk, the Senate upset completely today the hope of leaders on both sides of the treaty fight that a vote might be reached on the Shantung amendment or that at least some progress might be made in the reading of the treaty text.

Both sides lined up their forces for the test, but when Senator Reed, Democrat, of Missouri, late in the afternoon began another long attack on the treaty, the Senate managers threw up their hands and announced there would be no roll call today.

STEEL STRIKERS TO GO TO COURT

(By Associated Press.)

Pittsburg, October 15.—The fight for free speech, free assemblage which the steel strikers claim has been denied them in the Pittsburg district will, probably be carried to the courts, according to an announcement made today at the national headquarters of the union involved in the strike.

The test case, it is said, will be made on the refusal of the police authorities to permit the holding of meeting in a hall here tonight.

DRY STATE AIDS THE WASHWOMEN

(By Associated Press.)

Columbus, Ohio, October 15.—State wide prohibition has contributed to the shortage of women, who do laundry work and day work, according to the reports by the city state free employment office here.

In the past, the reports say, many women were forced to work to help support families because their husbands spent all their wages in saloons. The report continues that these same women report now that they are not compelled to work since their husbands bring home their wages and therefore they do not report at the employment office for work.

VATICAN CHOIR

An event unique in the musical history of the Western World and one in which Columbus, Ohio, is to have a delightful share is the coming of the Vatican Choirs to this country. The choir consists of 70 selected singers from the Sistine Chapel, St. Peter's Basilica and St. John Lateran and they are the finest voices in the world of polyphonic music, musical critics declare.

These singers combined in one magnificent choir, are to render a single concert in Columbus Monday night, October 20, at Memorial Hall under the auspices of Messrs. Boda of the Hartman Theatre, Columbus, to whom mail orders should be sent at once. Seats for the engagement are on sale at Heaton's music store. Mail orders are piling up in unprecedented number.

Special interest attaches to the visit of the choir for several reasons, one of which is that through special permission of Pope Benedict XV, these wonderful singers are singing outside the walls of the Vatican for the first time in history. Another lies in the fact that the celebrated conductor, the Right Rev. Msgr. Casimiri, will direct. Casimiri not only has a sense of musical expression and combinations that is unerring but in addition he has that rarest of gifts, the ability to bring out in others every scintilla of musical expression of which they are capable.

A recent announcement to the effect that the choir are to sing "a capella" elicited hundreds of inquiries from those unacquainted with musical phraseology, as to the meaning. It may be said in explanation, that the term refers to singing without musical accompaniment and is the most difficult of all vocal forms.

THREE YOUNG LIVES WERE SAVED BY THE PROPER EQUIPMENT

Better evidence of the fact that hospitals accomplish wonders and are absolutely indispensable to a community was never better illustrated than at a recent meeting of the hospital workers when a striking example was given by one of the speakers.

A mother in Detroit, who had become despondent made an attempt to kill her three children by giving them bichloride of mercury. She gave the poison to them and the children immediately showed signs of the deadly drug. The children were only saved from instant death because the bichloride of mercury is a slow poison. They were removed to the hospital and the entire force of doctors and nurses at the institution went to work to save the life of the little folks if at all possible.

At first it seemed a hopeless case but in a short time a decided improvement was shown. By desperate efforts on the part of the staff of physicians and attendants the three lives were saved.

It was admitted that only by the aid of the best equipment with the skilled attendants were the children able to be saved. Such cases as this are rare indeed but critical cases occur almost every few days in the local community.

BASEBALL SEASON CLOSES SUNDAY

The 1919 baseball season in this city will come to a close next Sunday. If weather conditions permit the Wilmington Clintons will be the last attraction at Sunnyside Park until the 1920 season.

Although the Wilmington News Journal states that the game has been called off because of the lateness of the season, and that the last game of the series will not be played, Manager Noon announces that Captain Stuttlers and his crew will be on hand Sunday at 2:30 in the afternoon.

This season was one of the most successful ever experienced by the Athletics. It was featured by steady playing and a surplus of good players. The largest crowd that ever witnessed a game in this city was one of the high points of the season.

COMPANY G IS READY FOR DUTY

Company G, O. N. G. Greenfield, is mobilized and ready to depart for Youngstown or other Ohio cities if called out by riots among steel workers, according to local citizens who were in Greenfield Wednesday.

The company is now fully equipped and could entrain within a very short time after receiving orders to do so.

INFORMAL PHOTOGRAPH SHOWS QUEEN WEARING TROUSERS AT NIAGARA FALLS

King and Queen of Belgium on their way to take a walk at Niagara Falls.

This is the most informal photograph taken of the King and Queen of Belgium since their arrival in this country. It shows them in the oldsmen which they donned before touring Niagara. When the king was dressed the attendant who was helping him announced: "All right, king, you're ready" and his majesty smiled.

It's all right to strike while the iron is hot, but an ounce of prevention is worth a pound of arbitration.

Y. M. C. A. CORNER

The Educational Department program is progressing with some degree of satisfaction. There may be some slight changes in the subject taught by the following, but they are the teachers secured, so far, Business English, Miss Amy Conn. Stenography, Miss Rayburn; Typewriting, Miss Marie Melvin. A prominent and experienced business man of the city is being importuned to teach Bookkeeping.

Correspondence is being carried on with Professor Henri Tailliard, of the Department of Romance Languages of the Ohio State University with a view to having him instruct a class in French. This matter will be finally decided before the end of this week. As soon as these details have been cleared up announcement will be made of the complete Educational program. The Educational Department will begin classes, Nov. 4th and will continue until the first of April next. The evenings will be Tuesday and Friday. Automobile instruction will be in the hands of the following practical men, W. L. Lewis, Frank Blessing, Glenn Roseboom, and Harry Craig.

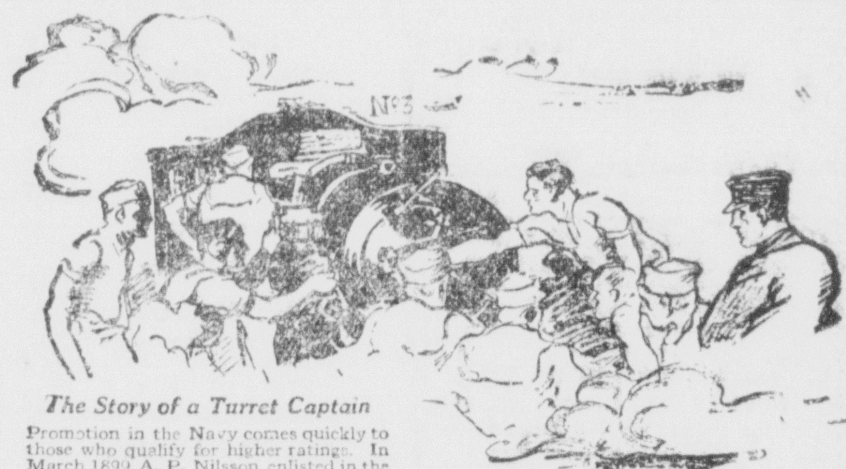

BURGLARS BUSY

By gaining an entrance through the front door of C. B. Griffiths' store in New Holland, burglars rifled the cash register, obtaining only a small sum. No goods were disturbed.

The Ford Motor Company have instructed us to sell the genuine Ford Parts to any and every reliable Garage who will pledge their use in the repair of Ford Cars. The genuine Ford Parts are absolutely necessary to the owner of Ford cars that he may get full service from his car. We carry them and so, we hope, in a short time will every reliable Garage. We solicit your service, because we have the Ford Methods, the Ford Parts, the Ford Mechanics and the Ford prices. Incidentally would be glad to get your order for one or more Ford cars.

The Story of a Turret Captain

Promotion in the Navy comes quickly to those who qualify for higher ratings. In March 1899 A. P. Nilsson enlisted in the Navy as an Apprentice Seaman, 3rd class. In April 1907 he was rated Chief Turret Captain. His pay today is \$165.76 per month.

A man's life — among men!

Reel them off—"Rio," Gibraltar, Ceylon, Yokohama—all the great ports of the world—are they only places on the map to you—or are they ports where you've gone sailing in from the high seas with every eye along the shore turned admiringly on your big ship—your ship! Every ocean has a United States ship sailing for some port worth seeing.

If you've any call in you for a full life—join, and color all your years ahead with memories of things worth seeing—with knowledge worth having—with an inexhaustible fund of sea tales and adventures picked up ashore and

afloat that will make you a well come man in any company.

Work?—sure, and a man's work it is, among men.

Play?—well, rather, with a bunch of men who know how to play. These comrades of yours carry in their cars the sounds of great world cities, of booming guns, of swashing seas—sounds you will share with them and that will never die away.

And when you come home, you'll face life ashore with level eyes—for Uncle Sam trains in self-reliance as well as self-respect. The Navy builds straight men—no mollycoddles.

Enlist for two years. Excellent opportunities for advancement. Four weeks holidays with pay each year. Shore leave to see inland sights at ports visited. Men always learning. Good food and first uniform outfit free. Pay begins the day you enlist. Get full information from your nearest recruiting station. If you do not know where the nearest recruiting station is, ask your Postmaster. He knows.

POULTRY PAYS

Consider the case of Petaluma.

Petaluma, a city of 6,000 is the richest city per capita, in the world.

It has five busy banks with total resources of \$10,185,739.24.

Poultry alone made Petaluma.

4,000,000 Petaluma hens lay 450,000,000 eggs a year.

Poultry Pays and can be as successfully raised in Fayette County as in Petaluma.

Get into the poultry game. Plan a big crop and see it through.
